The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

The simple design of the sink **Aquasanita Helika Bella 780.0E** with minimalist lines fits perfectly into the concept of a modern kitchen.

The model of the granite kitchen sink Aquasanita Bella 780.0E is unique in the placement of the faucet, but at the same time very practical. The basin with a width of 37 cm and a depth of 20 cm provides enough space for washing large dishes such as bulky pots or baking trays. The sink also has a practical draining part.

The side extended surface of the sink is used for placing the faucet and the eccentric control of the drain. It allows drilling holes for other components such as soap dispenser or air switch for controlling the kitchen waste disposer.

The Bella 780.0E sink equipment includes an eccentric control. The automatic drain closure is a system that allows you to close and open the water drain using a button. An important advantage of this solution is the fact that one movement is enough for the immediate unlocking of water without having to immerse your hands.

The advantage of a granite sink is its **color variability** and the possibility to match it with the rest of the kitchen, easy maintenance, and attractive design. The main advantages include excellent resistance to impact, scratches, and high temperatures.

The sinks by Aquasanita are made of a very high-quality granite material **SILISCANA**, it is a third generation granite known for its strength and durability.

Key features of the kitchen sink AQUASANITA - HELIKA BELLA 780.0E

- granite sink with a drainer and eccentric control
- Bella 780.0E comes with an extended warranty of 5 years.
- The advantage is the color variability and the possibility to match it with the rest of the kitchen.
- It is a popular choice among customers.
- minimalistic lines of the sink
- sufficiently deep 20 cm sink basin
- The sink is intended for top mounting.
- suitable for a cabinet of 50 cm
- made of high-quality materials

Note: *Colors may slightly differ in reality compared to the photographs, as granite contains natural fillers and pigments.*

Final tip : descale using a one-to-three solution of vinegar. Apply the solution to the surface of the sink, leave for a few minutes and remove with a sponge. A more fragrant way is to rub limescale with a cut lemon.

Parts of the packaging:
