The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

The round granite sink **Aquasanita Helika Clarus 505** is suitable for any smaller kitchen where you need to save space. It is popular among customers who are close to a rustic kitchen style or Provence style. The granite sink will complement the concept of your new kitchen line perfectly or replace your original kitchen sink when needed.

The visibly smaller round sink without a drain provides **enough space** for comfortably washing bulky pots and baking sheets. There is a hole drilled in the back of the sink for installing a kitchen faucet. It is possible to make another hole in the sink, for example, for a built-in soap dispenser or for a button to

control the kitchen waste disposal. The Clarus 505 sink is intended for top mounting, suitable for a cabinet of 45 cm.

The advantage of a granite sink is its **color variability** and the possibility to match it with the rest of the kitchen, easy maintenance, and attractive design. The main advantages include excellent resistance to impact, scratches, and high temperatures.

The sinks by Aquasanita are made of a very high-quality granite material **SILISCANA**, it is a third generation granite known for its strength and durability.
