The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

The granite double sink **Aquasanita Helika Magna 860.2E** features two bowls of the same size. The **Magna 860.2E** sink has a simple design. We recommend this sink especially for larger kitchens.

The kitchen sink provides enough space. One basin can, for example, be used for washing dishes, including large pots and baking trays. In the second basin, you can place washed dishes, drain pasta or potatoes, rinse vegetables, etc. Two large washing chambers are ideal for meal preparation. If cooking is your passion, you will appreciate this spacious sink.

The Magna 860.2E sink comes with **eccentric control** of the drain. This is a premium feature that allows you to drain the sink with a "dry" hand, meaning you don't have to put your hands in dirty water. You simply drain the sink by turning the eccentric control button.

The advantage of a granite sink is its **color variability** and the possibility to match it with the rest of the kitchen, easy maintenance, and attractive design. The main advantages include excellent resistance to impact, scratches, and high temperatures.

The sinks by Aquasanita are made of a very high-quality granite material **SILISCANA**, it is a third generation granite known for its strength and durability.

Key features of the AQUASANITA HELIKA MAGNA 860.2E kitchen sink

- granite double sink with eccentric control
- Magna 860.2E has an extended warranty of 5 years.
- The advantage is the color variability and the possibility to match it with the rest of the kitchen.
- There are two holes drilled (for the battery and for the eccentric control).
- It is a popular choice among customers.
- sufficiently deep 20 cm sink basin
- The sink is intended for top mounting.
- suitable for cabinets from 90 cm
- made of high-quality materials

Note: Colors may slightly differ in reality compared to the photographs, as granite contains natural fillers and pigments.

Final tip : descale using a one-to-three solution of vinegar. Apply the solution to the surface of the sink, leave for a few minutes and remove with a sponge. A more fragrant way is to rub limescale with a cut lemon.

Parts of the packaging:
