The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

The granite sink **Aquasanita Helika Tesa 800.15E** is designed for demanding customers who do not want to give up the sink and at the same time wish for a storage area. The modern simple design of the sink is ideal for both traditional, rustic kitchens and modern interiors.

Tesa 800.15E Sink meets all your expectations. The sufficiently large and deep (20 cm) main compartment allows for comfortable washing and rinsing of plates and pots. For special tasks, there is an additional smaller compartment where you can easily rinse fruits and vegetables or defrost meat. The sink also has a draining surface where you can let the dishes dry. It is possible to drill a hole in the sink for installing a kitchen faucet, an eccentric, or a soap dispenser.

The components of the Tesa 800.15E sink also include **eccentric control**. Automatic drainage closure is a system that allows you to close and open the water drain using a button. An important advantage of this solution is the fact that one movement is enough for immediate unlocking of the water without having to submerge your hands.

The advantage of a granite sink is its **color variability** and the possibility to match it with the rest of the

kitchen, easy maintenance, and attractive design. The main advantages include excellent resistance to impact, scratches, and high temperatures.

The sinks by Aquasanita are made of a very high-quality granite material **SILISCANA**, it is a third generation granite known for its strength and durability.
