**Axis Kitchen** is a European brand of kitchen equipment, specializing in the production and sale of high-quality granite sinks. The company is among the market leaders in the segment of sinks and kitchen faucets. The products are characterized by attractive design and high-quality craftsmanship.

The **Axis Mojito 600.5E** granite sink with a small drainer is suitable for households where dishwashing is mainly done by a dishwasher or in kitchens where there is not enough space to install a large sink in the worktop. The Mojito 600.5E model is chosen by customers who do not want to invest too much in a large granite sink or want to save space on the kitchen counter.

Although the entire sink has smaller dimensions, it will not limit you when washing dishes, **the tub is spacious** like in larger models, only the storage area is smaller. The sink basin, with a depth of 16 cm, is sufficient for comfortable dishwashing. You can use the practical drip tray for storing dishes, vegetables, or when defrosting food.

The Mojito 600.0E kitchen sink is designed for **top mounting**, with a minimum cabinet width of 45 cm. The sink's equipment includes an eccentric control. Automatic drain closure is a system that allows you to close and open the water drain using a button. An important advantage of this solution is the fact that one movement is enough for immediate unlocking of the water, without having to submerge your hands.

The advantage of a granite sink is its **color variability** and the possibility to coordinate it with the rest of the kitchen, easy maintenance, and attractive design. Among the main advantages are excellent resistance to impact, scratching, and high temperatures. The surface of the sink is extremely smooth. Therefore, the sink is easy to keep clean. You can choose from a range of colors.

### **Key features of the AXIS MOJITO 600.0E kitchen sink.**

- granite sink with a practical drainer and with eccentric control
- in the colors white, black, gray, and coffee-colored
- Mojito 600.0E has an extended 10-year warranty.
- It is among the most popular sinks of our customers.
- sufficiently deep (16 cm) basin of the sink for comfortable dishwashing
- practical tip for dishwashing
- automatic drainage closure - the eccentric is a part of the sink equipment
- granite sink resistant to scratches and high temperatures
- the sink is suitable for a cabinet of 45 cm
- top mounting of the sink

*A little trick: once a week, we recommend impregnating the sink with edible kitchen oil. Wipe the dry and clean sink with a cloth soaked in oil. Leave it for a few minutes and then wipe it off with a clean cloth. This way, you will create a protective layer and give the sink a beautiful appearance. The sink will be like new again.*

### **Parts of the packaging:**

- Sifon
- Excentric control
- Assembly brackets
- Release.
- Assembly instructions
- Robbery

# Parameters
