359 Kč 297 Kč excluding VAT

The ALP Professional odor eliminator is designed for **Jet Dryer air hand dryers**, but it can also be used in gastronomy, cultural and sports facilities, or waste management.

This is a completely natural - medically harmless product that not only neutralizes odor, but also pleasantly scents the surrounding air thanks to natural essential oils.

The product is tested and approved by the State Health Institute, Prague.

Application:

It is applied directly to the source of the odor. For Jet Dryer air dryers, it should be applied to the drip tray at the bottom of the device. We recommend mixing 1-2 caps of the deodorizer with approximately 0.5 dl

of water. The replacement should be done at least once a week intensity of use.	ek, or more frequently depending on the
