Kitchen sinks **Reginox** are made from the highest quality materials, ensuring that you have chosen first-class quality. The production of sinks has been taking place in the Netherlands since 1976. All models are tested and tried in operation to meet the most demanding customer requirements.

The ceramic sink Classic II. 1010.10 will fit perfectly in any modern kitchen, as well as in kitchens in Provencal, French, rustic, or retro style. **The ceramic sink Reginox Classic II. 1010.10** has undergone innovation, which is why the number two is included in its name.

Luxury **ceramic sink Reginox Classic II. 1010.10** with drainboard and a smaller tub. The sink is characterized by excellent quality and flawless surface finish, as well as high elegance. The sink combines durability and style. Its robust construction ensures years of use across generations. At the same time, the sink retains its charm and surface.

A practical sink **that offers a combination of a basin and a drip tray**. This will expand your workspace, make it easier for you to handle food and large containers. The basin can be used, for example, for draining food, defrosting meat, or cleaning vegetables. The sink will meet all your expectations with its advantages.

This sink is ideal for any kitchen and, thanks to its exceptional construction, it is resistant to scratching, stains, and heat, allowing it to thrive even in the busiest environments. A sink with **excellent utility properties**. The smooth surface of the sink is easy to maintain and clean. The sink is resistant to chemicals, does not absorb odors, and dirt or limescale does not adhere to it.

Key features of the Reginox CLASSIC II. 1010.10 kitchen sink

- shiny white ceramic sink in high gloss with a drainer and a small tub
- high-quality solid ceramic

- attack on the sink in the main basin of the sink
- 10-year warranty
- Double-sided sink orientation
- resistant to scratching, stains, and heat
- overall dimensions: 1010 mm x 525 mm
- sink dimensions: 321 mm x 389 mm / 162 mm x 270 mm
- depth of the bowl: 200 mm / 130 mm
- wardrobe: 600 mm

A ceramic sink is fired in kilns and the glaze is applied by hand, making each piece unique. It is necessary to take into account a tolerance of +/- 1-1.5 cm in dimensions. We recommend having the sink physically available for the realization of the kitchen counter.
